Updates to the IEEE 802 LMSC Operations Manual

9.2 IEEE 802 LMSC approval

- Delete:
 - All PARs must be accompanied by supporting documentation, which shall include:
 - a) Explanatory technical background material
 - b) Expository remarks on the status of the development of the PAR (e.g., approved by WG, Draft pending WG approval at next meeting, etc.)
- Rationale: The CSD and the PAR have all the supporting document.

9.4 Chair responsibilities

- Delete:
 - 9.4 Chair responsibilities
 - The WG Chair shall sign the copyright acknowledgment.
 - The Sponsor Chair (or the Sponsor Chair's delegate) shall implement the NesCom procedures required to formally submit PARs to NesCom..
- Rationale: We don't sign the copyright and the Chair already does this work.

9.5 Withdrawn PARs

- Delete
 - “If so, the WG chair shall ensure the most current draft of the proposed standard is placed on the IEEE Document Distribution Service list. The WG chair shall add a cover page to the draft alerting the reader that the PAR has been withdrawn for this work, giving the specific date of the withdrawal and the rationale for the withdrawal.
 - The withdrawn draft shall be maintained on the IEEE Document Distribution Service list for a period of 3 years after the time of withdrawal, after which it shall be removed from the list.”
- Rationale: We don't control when it can be removed. If it is useful, it should stay.

Add new Clause 14 Procedure for ICAID

- Updates posted in ec-17-0041-02-00EC
- Based on PAR process, with no CSD, no suggestion for tutorial

Public statements

- The IEEE SA Board Operations Manual states:
 - Each IEEE Standards Sponsor shall have policies and procedures in place concerning the creation and handling of public statements prior to sending any such statements in any format to any body other than the IEEE Standards Association. These procedures should state a means for developing and approving the Sponsor statement and a methodology for presentation of those statements. These procedures shall also conform both to the IEEE-SA procedures as administered by the IEEE-SA Board of Governors (BOG) and set forth in subclause 6.5 of the IEEE Standards Association Operations Manual and to the rules in Section 15 of the IEEE Policies.

7. Public statements

- The OM now refers to public positions and communications, but not explicitly public statements.
- Change “communications” to be public statements and add public in some locations.
- Updates shown in ec-17-0041-02 and ec-18-0027-00 (redline)
- Need work, P&P may be fine as is.

Add to CSD Privacy

- Add to Project process requirements or to 5C requirements (making it 6?)
- Possible text:
 - 14.1.3 Privacy
 - The WG shall provide a plan to address potential privacy concerns during the development of the standard.
- Alternate text
 - 14.1.3 Security and Privacy considerations
 - Describe the applicability of security and privacy to the standard under development.
 - Describe the implications of the security and privacy of the standard under development.

Changes to the Chair's Guidelines

- “Act as a mentor to new WG Chairs and work with the Sponsor Chair to oversee the assignment of experienced IEEE 802 members to mentor WG Chairs as appropriate.”
