

# SA SOLUTIONS & 802 EC UPDATE

## JULY 2020

---

# GROUPER

---

- Search on [iee802.org](http://iee802.org) has been fixed
- Server migration August 5th, 2020
  - Communication to be shared with group of Grouper site administrators requesting availability to test access to pre-production server during the week of July 27<sup>th</sup>, 2020

# MENTOR/IMAT

---

- Sync with myProject now occurs nightly
- Users with “pending” additions to group rosters will not sync to Mentor/IMAT
- ePolls reminder notifications are still not working properly, though initiation notices will be sent. Working on a solution
- Attendance and document management assessment update
  - RFP responses received
  - Potentially split into two phases for budgeting reasons
  - Should be proceeding to the next stage in Q3 2020

# MYPROJECT

---

- Known issues and release notes can be found on the myProject Help site
  - <https://sagroups.ieee.org/myproject-help/>
- Please send any issues to [standards-support@ieee.org](mailto:standards-support@ieee.org) or submit via the online Contact Support form at <https://sagroups.ieee.org/myproject-help/contact/>

# WEBEX

- IEEE SA has sunset Joinme as the web meeting offering and is now provisioning Webex licenses
- C/LM Webex Account Usage May 1 – July 23

Group	Meetings Held	Average Duration (Min)	Maximum Attendees	Average Attendees
802.1	61	101	134	38
802.16	15	146	46	9
802 EC	29	49	156	23
Higher Layer LAN Protocols Working Group	29	92	145	21
Radio Regulatory Technical Advisory Group 802.18	3	39	4	2
Total	137	92	156	27

# VOTING TOOLS

---

- Conducting trial of DirectVoteLive application for in-meeting votes with 802.1 and 802.3 working groups
- Depending on the outcome and feedback, IEEE SA may look to offer this to additional groups in the future.
