Subject: Liaison to ITU-T SG15 on coordination between the IEEE P802.3cs task force and Q2/SG15 project G.9807.3, Wavelength multiplexed point-to-multipoint 10-Gigabit-capable passive optical network

Approval: Agreed to at IEEE 802.3 plenary teleconference meeting, 19th November 2020

Dear Mr Effenberger,

Given the similar objectives between the IEEE P802.3cs Increased-reach Ethernet optical subscriber access (Super-PON) Task Force and the ITU-T Q2/SG15 project G.9807.3, Wavelength multiplexed point-to-multipoint 10-Gigabit-capable passive optical network, we attach draft D1.3 of the IEEE P802.3cs draft. It would be most appreciated if you could review the draft and have any interested party in Q2/SG15 submit comments toward it.

Sincerely,

David Law

Chair, IEEE 802.3 Ethernet Working Group
