# Newcomer Orientation Survey 2021-07-06 (4/4)

- What additional questions do you have following the IEEE 802 Orientation Training program ?
  - None

# Recommendations

- The live orientation program should be repeated, in a similar time slot and duration, before future electronic Plenary Sessions.
- Advance promotional efforts should be strengthened, including reaching out to those not yet subscribed to reflectors
  - e.g. [twitter](#); [LinkedIn](#)
- A recording, with the slides and audio, should be made available on the web site.
  - The embedded audio partially resolves the issue and is easier to maintain, since slides can be updated without replacing all the audio.
- Delete or revise “IEEE 802 LMSC Overview Guide”
