- Others?

Rubric for Discussion

Tool

What does it offer?

Who provides it?

What do we like?

What needs improvement?

Do we have a choice?

Who will be impacted if we make a significant change?

Rubric for Discussion

ieee802.org (aka Grouper)

What does it offer?	Serves static web content
Who provides it?	IEEE SA
What do we like?	
What needs improvement?	
Do we have a choice?	
Who will be impacted if we make a significant change?	

Rubric for Discussion

IEEE Mentor

What does it offer?

Provides a secure area where Working Groups can manage non-public documents.

Who provides it?

IEEE SA

What do we like?

What needs improvement?

Do we have a choice?

Who will be impacted if we make a significant change?

Rubric for Discussion

IEEE myProject	
What does it offer?	Manage and keep up to date on projects and topics that you are interested in.
Who provides it?	IEEE SA
What do we like?	
What needs improvement?	
Do we have a choice?	
Who will be impacted if we make a significant change?	

Rubric for Discussion

IEEE Attendance Tool (IMAT)

What does it offer?	Setup meetings and record attendance.
Who provides it?	IEEE SA
What do we like?	
What needs improvement?	
Do we have a choice?	
Who will be impacted if we make a significant change?	

Rubric for Discussion

Google Calendar

What does it offer?

Publish meetings and virtual attendance links in an easy to sync manner.

Who provides it?

IEEE SA

What do we like?

What needs improvement?

Do we have a choice?

Who will be impacted if we make a significant change?

Rubric for Discussion

Direct Vote Live	
What does it offer?	Allows hybrid balloting of motions
Who provides it?	IEEE SA
What do we like?	
What needs improvement?	
Do we have a choice?	
Who will be impacted if we make a significant change?	

Rubric for Discussion

Listserv / Email Archive

What does it offer?

Email reflector and archive service

Who provides it?

IEEE SA

What do we like?

What needs improvement?

Do we have a choice?

Who will be impacted if we make a significant change?
