#### **IEEE MILESTONE**

Origin of the IEEE 802 Family of Networking Standards, 1980-1999

The necessity to standardize computer Local Area Networks (LANs) resulted in the IEEE Computer Society sponsoring LAN Standard Project 802 in 1980. Four 802 Working Groups formed by 1999 proved particularly successful and transformative: IEEE 802.1 (Bridging), IEEE 802.3 (Ethernet), IEEE 802.11 (Wi-Fi@), and IEEE 802.15 (Wireless Personal Area Networks). IEEE 802 standards defined ever-expanding networking speeds and features, thus enabling the seamless interconnection of computing devices worldwide.

May 2024

# **Opening items**

- 1.00 Meeting called to order
- 1.01 Roll Call (Kochuparambil)
- 2.00 Approve or modify the agenda
- 2.01 IEEE SA Patent, Participation, and Copyright policy slides
  - Link to the slides was distributed with the agenda
  - Is there anyone on the meeting who did not read these slides?

# 3.00 Announcements from the Chair

- Use IMAT to log your attendance
  - Verify that your affiliation is correct for this meeting
  - If you have signed into IMAT with your affiliation, you don't need to announce it before speaking
- Mixed-mode etiquette
  - Please enable mute when you are not speaking
  - Please use the chat function to request being put in the queue
- If you wish to announce your affiliation, say
  - <name>, I am affiliated with <affiliations>, or
  - <name>, I work for <employers> and I am affiliated with <affiliations>
- How many LMSC members want to get printed copies of the agenda?

### 7.011 PSDO letter

- This motion is brought under the normal process of approving actions of the Standards Committee.
- Motion: Approve sending document ec-25-0027-02 to the individuals listed in the document with editorial license given to the IEEE 802 LMSC Chair.

### Break until 3:30 pm EDT
