12 September 2023

Nendica ICAID Background

- Nendica
 - IEEE 802 “Network Enhancements for the Next Decade” Industry Connections Activity
- Industry Connections Activity
 - Program within IEEE SA
 - Operated by Industry Connections Committee (ICCom)
 - Overseen by CAG
 - no longer under IEEE SASB
 - no longer under IESS SMDC
- Industry Connections Activities operate under authorization specified in an Industry Connections Activity Initiation Document (ICAID)
- Nendica Authorization
 - March 2017 - March 2019 (ICAID IC17-001-01)
 - March 2019 - March 2021 (ICAID IC17-001-02) extended to Sept 2021
 - September 2021 - September 2023 (ICAID IC17-001-03)

Nendica ICAID Extension - 2023

- 2023-03-16: 802.1 WG motion
 - *802.1 authorizes Nendica to prepare, during its scheduled meetings, a draft ICAID renewal for presubmission to the July IEEE 802 Plenary*
- 2023-05-25: Nendica motions
 - *approved "Draft Nendica ICAID renewal to September 2025" (Rev. 6) and "Draft Nendica ICCOM report" (Rev. 2).*
 - *Forwarded to IEEE 802 LMSC*
- 2023-07-13: Nendica finalized ICCom report (Rev. 3)
- IEEE 802 LMSC motion, 2023-07-14
 - *Renewal agreed by IEEE 802 LMSC*
 - *Forwarded to ICCom, 2023-07-19*
- ICCom action, 2023-09-12
 - *Recommended renewal*
 - *Also recommended that the ICAID be subject to two-year auto-renewal*
 - *auto renewal each two years until termination request*
 - *Recommendation goes to CAG for 10-day ballot*

Future Nendica Auto-renewal

- If ICom auto-renewal is approved, it may be appropriate to seek IEEE 802.1 Working Group and IEEE 802 LMSC to also agree to auto-renewal.
