**Re:**

**Abstract:** discusses TG7 plan proposal for Beijing meeting

**Purpose:**

# TG7 plan proposal for Beijing

May 17, 2010

# Current schedule (from Orlando meeting)

Recirculation #1 : May 2010

Recirculation #2 : June 2010

Sponsor ballot : July 2010

Issues

- ≈900 technical comments to solve in this meeting (≈ 128 comments need to be resolved per session )
- Several comments require discussion/contribution
- Process to make best schedule for TG7
- Several time consuming editing items pending (MSC, Figures, ..)

# Suggestions for committee

Shorten timeline

Parallel processing

Comment strategy

Additional time allocation

Ad hoc meeting in July

# Suggestion #1 : Shorten timeline

Minimize number of recirculations

- Seek to finalize in 2 recirculations

Get MEC (Mandatory Editorial Committee) in SA involved in D2 versions

Considerations

- IEEE process

# Suggestion #2 : Parallel Processing

Parallel processing of technical comments

Break group into "ad hoc" subgroups to come up with recommendations

- MAC/PHY
- Section/Sub-section based

Recommendations will then be discussed in the TG7 for finalization

# Suggestion #3 : Comment strategy

Resolve "trivial" technical comments that do not require contributions/discussion first .

Consider group voting.

Assign people for developing contributions for resolving non-trivial comments.

Contributions must be made before Wednesday for discussion in this meeting

Tentative resolutions need to be obtained at this meeting

# Suggestion #4 : Additional time allocation

Schedule additional "ad hoc" sessions in this meeting in the mornings for comment resolution

- Night sessions can also be considered, depending on committee interest

Getting attendance credit for "ad hoc" sessions

Technical editor can run these sessions

# Suggestion #5: Schedule "Ad hoc" meeting in July

## Additional meeting for comment resolution

- Needs 30 days notice

## Proposed dates

- Wed-Fri (July 7-9) before Plenary meeting

## Proposed location

- San Diego, CA (no change in travel but requires sponsorship)
- San Jose, CA (easy travel to San Diego – sponsorship available)
- Dallas, TX, USA
- Hillsboro, Portland, USA
- Seoul, Korea
