Called to Order
TG4z is called to order at 10:35 Local Time. Acting TG Chair, Ben Rolfe, acting Vice Chair, Clint Chaplin. Chair and Recording secretary are present. Asked and got hands up from a couple of new people in the room. New attendees are welcomed.

Opening Report is given. Chair presents Meeting slides Doc # 15-20-0013-00:

https://mentor.ieee.org/802.15/dcn/20/15-20-0013-00-004z-january-interim-opening-slides.pptx

IEEE Patent and Meeting Conduct Presentation
Chair reminds group of the requirements presented by the Working Group opening.

The chair provided an opportunity for participants to identify patent claim(s)/patent application claim(s) and/or the holder of patent claim(s)/patent application claim(s) of which the participant is personally aware and that may be essential for the use of that standard: No responses were heard.

The chair reviews the project scope, status and schedule.

Agenda
Agenda: Chair presents proposed agenda document 15-20-0007-00:
https://mentor.ieee.org/802.15/dcn/20/15-20-0007-00-004z-tg4z-january-meeting-agenda.xlsx
Discussion: None heard.
Hearing neither discussion nor objection, Agenda is approved by unanimous consent.

Logistics
Chair Tim Harrington expected to be here by PM1.
To accommodate WG chair’s early departure, we will have the TG form the CRG for following this meeting on Tuesday, and CRG approved at WG mid-week. We expect only minor adjustments to the CRG membership.
Need for Clarification
Recent update to SA rules states that contributions referenced in the standard require RAC and Editorial Coordination. It is noted that this has never been done nor is it clear what “coordination” means for contributions (not standards) for which neither registration activity is possible nor editorial requirements are published. The question was raised via email, and has been forwarded to our IEEE Program Manager, Jonathan Goldberg, seeking clarification. The chair will report to the group when a response is received.

Update: Jonathan Goldberg (IEEE) reports that no coordination is needed for contributions referenced in the P802.15.4z Draft.

Comment Resolution
Group works through comments. Focus is triage and low hanging fruit. TE has reviewed all classified as Editorial and advised acceptance. Comments without obvious consensus are assigned – given a volunteer of primary responsibility.

Prior Minutes
Approval of November minutes: An error was noted in rev 0, which is corrected in rev 1: https://mentor.ieee.org/802.15/dcn/19/15-19-0579-01-004z-november-2019-minutes-tg4z.pdf Hearing neither discussion nor objection, Minutes approved by unanimous consent.
