## Abstract

This document updates proposed schedules for current and upcoming WG Letter Ballots and Sponsor Ballots. It is based on IEEE 802.16-12-0119-01-Gdoc of January 2012.

## Schedule Format

IEEE 802.16-12-0119-01-Gdoc included a table inside the document. However, it appears that a more effective format would be a web-based document that could be easily updated as milestones are completed or adjusted.

## Proposed Schedules

Proposed balloting schedules for all six IEEE 802.16 projects are presented at the following URL:

<http://schedules.wirelessman.org>

## Proposal

It is proposed that the 802.16 Working Group briefly review the proposed schedules at the Session #78 Opening Plenary and assign this document to the Project Planning Committee for detailed consideration, with a report to the Session #78 Closing Plenary. It is furthermore proposed that the Task Groups review the schedules and forward comments to the Project Planning Committee and/or the Closing Plenary.

Is it also proposed that the schedules be reviewed at future Working Group meetings and maintained by the Project Planning Committee.
