

**Call for Contributions:**  
**IEEE Project P802.16.3:**

***Mobile Broadband Network Performance Measurements***  
**Broadband Wireless Access Metrology Study Group**

**Issued: 30 August 2012**  
**Deadline: 12 September 2012 AOE**

On 30 August 2012, the IEEE-SA Standards Board approved Project Authorization Request (PAR) [P802.16.3](#) for the development of a new standalone standard on *Mobile Broadband Network Performance Measurements*. The [IEEE 802.16 Working Group](#) is assigned to develop the standardization project.

The IEEE 802.16 Working Group will begin development of the project during its [Session #81](#) (17-20 September 2012 in Indian Wells, CA, USA).

In advance, the Study Group is issuing this Call for Contributions soliciting input documentation toward the development of P802.16.3. The Study Group seeks particular inputs on the following topics:

- (1) Comments on (IEEE 802.16-12-0483) (“[Draft] Applications and Requirements for Mobile Broadband Network Performance Measurements”) and contributions toward enhancement of that content, including further information on proposed metrics to be specified within the standard.
- (2) Proposed test procedures, communication protocols, and data formats.
- (3) Proposed development schedules.

Submit your contribution by the deadline above following the IEEE 802.16 Document Submission Instructions <http://iee802.org/16/submit.html> using the File Code "03R0".
