

IEEE 802.16 Working Group on Broadband Wireless Access

Call for Contributions

IEEE Project P802.16r:

Amendment for Small Cell Backhaul (SCB)

Issued: 14 November 2013

Deadline: 15 January 2014 AOE

On 5 December 2012, the IEEE-SA Standards Board approved Project Authorization Request (PAR) [P802.16r](#) to amend IEEE Std 802.16 to address Small Cell Backhaul (SCB) with Carrier Ethernet support.

During its Session #88 (11-14 November 2013 in Dallas, USA), the IEEE 802.16 Working Group reviewed contributions regarding use cases and functional requirements for Small Cell Backhaul.

The IEEE 802.16 Working Group will continue development of the project during its [Session #89](#) (20-23 January 2014 in Los Angeles, USA). In advance, this Call for Contributions solicits input documentation toward the development of the IEEE P802.16r Amendment.

In addition, Project P802.16r has revised the project Architecture and Requirements Document ([IEEE 802.16-13-0073-04](#)). We call for comments on the aforementioned document.

You are welcome to follow the progress of our work through the web site <<http://wirelessman.org/scb>> and document repository <<http://docii-16r.wirelessman.org>>.

Submit your contribution by the deadline above following the IEEE 802.16 Document Submission Instructions <<http://ieee802.org/16/submit.html>> using the File Code "000r".
