

IEEE 802.16 Working Group on Broadband Wireless Access

Call for Contributions

IEEE Project P802.16r:

Amendment for Small Cell Backhaul (SCB)

Issued: 23 January 2014

Deadline: 12 March 2014 AOE

On 5 December 2012, the IEEE-SA Standards Board approved Project Authorization Request (PAR) P802.16r to amend IEEE Std 802.16 to address Small Cell Backhaul (SCB) with Carrier Ethernet support. During IEEE 802.16 Session #89 (20-23 January 2014, Los Angeles, USA), the Working Group reviewed contributions and generated an initial table of contents for the Amendment Working Document.

The IEEE 802.16 Working Group will continue development of the project during its Session #90 (17-20 March 2014, Beijing, PRC). In advance, this Call for Contributions solicits input documentation toward the further development of the IEEE P802.16r Amendment. In particular, Project P802.16r calls for comments on the project Architecture and Requirements Document ([IEEE 802.16-13-0073-05](http://ieeestd.org/802.16-13-0073-05)) and on the initial Table of Contents for the Amendment Working Document ([IEEE 802.16-14-0018-00](http://ieeestd.org/802.16-14-0018-00)).

You are welcome to follow the progress of our work through the web site <http://wirelessman.org/scb> and document repository <http://docii16r.wirelessman.org>.

Submit your contribution by the deadline above following the IEEE 802.16 Document Submission Instructions <http://ieee802.org/16/submit.html> using the File Code "000r".
