

IEEE 802.16 Working Group on Broadband Wireless Access

Call for Contributions

IEEE Project P802.16r:

Amendment for Small Cell Backhaul (SCB)

Issued: 17 July 2014

Deadline: 29 October 2014 AOE

On 5 December 2012, the IEEE-SA Standards Board approved Project Authorization Request (PAR) [P802.16r](#) to amend IEEE Std 802.16 to address Small Cell Backhaul (SCB) with Carrier Ethernet support.

During its Session #92 (14-17 July 2014 in San Diego, USA), the IEEE 802.16 Working Group reviewed project work plan and modification of the P802.16r project.

The IEEE 802.16 Working Group will continue development of the project during its [Session #94](#) (3-6 November 2014 in San Antonio, USA).

In advance, this Call for Contributions solicits input documentation toward the project Architecture and Requirements Document ([IEEE 802.16-13-0073-05](#)).

In addition, this Call for Contributions also solicits input to Project Authorization Request (PAR) [P802.16r](#) for possible modification to the project.

You are welcome to follow the progress of our work through the web site <<http://wirelessman.org/scb>> and document repository <<http://docs.wirelessman.org>>.

Teleconferences will be scheduled before the next face-to-face meeting. Contributions toward [IEEE 802.16 Session #94](#) are requested by 29 October 2014. Contributions toward P802.16r teleconferences are requested at least one day before the teleconference. For schedule of teleconferences, see the [calendar](#).

Submit your contribution by the deadline above following the IEEE 802.16 Document Submission Instructions <<http://ieee802.org/16/submit.html>> using the File Code "000r".
