IEEE 1901 New document

You are about to generate a Document Control Number (DCN) for an entirely new document. To revise an existing document, please click on the **Revise** action in [your Documents list](#).

Group: ▼

Document Title:

Author (Affiliation):

[Documents](#)

1. Choose the "Group" from the drop down
2. Provide a Document Title
3. Enter in the Authors Name and Affiliation
4. Click "New Document"

Note: if you are uploading a revision to an existing document, do NOT do this through the "upload new document" area. You should upload revisions to in the "revise" area.

IEEE 1901 Upload document revision

You are uploading DCN **1901-11-0008-00-DRST**. The DCN must appear in your document. Please use your Browse button to select the file you wish to upload for this revision, then click Upload Document. You may upload this revision later by just go to [Documents](#) and select My Pending.

Document: C:\Documents and Set

[Documents](#) | [New document](#)

Now Browse and upload the document.

Notice that the system provides each document with a Document Number. This number represents the following pattern:

1901-11-0008-00-DRST

- 1901 = the Mentor group
- 11 = the year
- 0008 = the document number
- 00 = the revision
- DRST = the document group

Allow Public Documents

If your group allows “public” documents the option will be available at upload to make the document available to the public.
