

IEEE 802 Executive Committee OmniRAN Study Group

Call for Contributions

Issued: 16 November 2012

Deadline: 9 January 2013 AOE

On 16 November 2012, the IEEE 802 Executive Committee chartered the OmniRAN Study Group (SG) to study an Open Mobile Network Interface for Omni-Range Area Networks based on IEEE802 access technologies. The SG is chartered through 22 March 2013, with an expectation of renewal through 19 July 2013. The study group will meet the week of January 14th, 2013 in Vancouver, BC, Canada and the week of March 18th, 2013 in Orlando, FL, USA.

Further details are available on the web site of the OmniRAN SG <<http://ieee802.org/OmniRANsg/>>.

The SG hereby solicits input documents to progress the development of the work. The Study Group particularly seeks contributions on the following topics:

- (1) OmniRAN use cases.
- (2) Proposals regarding the OmniRAN architecture as it might be developed within IEEE 802.
- (3) Proposals regarding the specific functionality to be provided by the OmniRAN.

Please submit your contributions based on the guidance provided on the OmniRAN SG web site:

<<http://www.ieee802.org/OmniRANsg/submit.html>> to the OmniRAN documents archive:

<<https://mentor.ieee.org/omniran/new-document>> by the deadline above using the Group Value "Contribution".
